Subject: WV REQUEST: NO ADDITIONAL SUPPORT NEEDED AT THIS TIME

ALL:

WVAW has reported that they have sufficient analytical resources at this time.

No additional resources are required at this time.

They thank the WARNs and sector partners for support and outreach.

Subject: NATIONAL WARN Request: Lab Support Needed in WV

NATIONAL WARN NOTICE - WIDE DISTRIBUTION

Many of you have likely seen reporting on the chemical spill in Charleston, WV which has impacted the drinking water for the American Water's treatment and distribution systems.

I received a request from American Water that they are seeking additional mobile lab support that can run samples for decision making support as they begin to take actions to clear the system.

The method and equipment specifications are attached.

Equipment - ThermoFisher GC/MS unit utilizes SM 524. The attached files includes the protocol utilized by Eastman, the chemical producer.

If you have this capability please contact Nick Santillo, American Water, for further details and logistical arrangements.
